

Neuropsychology & Counseling Associates, LLC

**9 Professional Circle, Suite 206
Colts Neck, New Jersey 07722
732-462-4544**

**Theodore J. Batlas, Psy.D.
&
Muhammad A. Abbas, MD**

are pleased to announce their break through program

Transcranial Magnetic Stimulation (TMS) for the treatment of Major Depressive Disorder MDD

TMS Therapy uses brief MRI strength magnetic pulses to stimulate parts of the brain associated with symptoms of depression.

TMS Therapy has been used for over 30 years and has FDA approval.

TMS Therapy is safe and unlike ECT does not require anesthesia or a hospital stay.

TMS Therapy is now covered by many major health insurance companies: Medicare, Traditional BC/BS, BC/BS Value Options, Optima Behavioral Health, Oxford Health Plans, and United Health Care/United Behavioral Health
